

4 November 1981

MEMORANDUM FOR: Members of the Language Development Committee

FROM:

[redacted]
Executive Secretary
Language Development Committee

SUBJECT: Minutes of 28 October 1981 Meeting of
the Language Development Committee

Present: William N. Hart, Associate DDA and
Chairman, Language Development Committee;
[redacted] NFAC/STO;
[redacted] NFAC, Program Integration Unit,
substitute NFAC Representative;
[redacted] DDA/STO;
[redacted] Chief, Policy Staff, OP,
DCI Representative;
[redacted] DDO/STO, DDO Representative;
[redacted] Chief, Production Group, FBIS,
DDS&T Representative;
[redacted] C/LT/OTE, OTE Representative;
[redacted] Administrative Assistant, LDC;
and [redacted], Executive Secretary, LDC.

1. The Language Development Committee convened on
28 October 1981 to consider the draft notice on the
Language Incentive Program which is intended to replace
HN [redacted] dated 6 September 1979.

2. The draft notice was discussed page-by-page
and reworded to the satisfaction of those present. The
question as to whether or not a language specialist who
received the one-time pay adjustment in lieu of the LUA
would be eligible for an LUA in the same language in the
future should he or she change occupational categories,
i.e., a language instructor becoming a case officer, was
discussed. The group decided that in view of the limited
number of cases this would involve, the LUA should be
allowed.

SUBJECT: Minutes of 28 October 1981 Meeting of the
Language Development Committee

3. Increasing the amount of the LUA and raising the schedule of cash payments was suggested. Further consideration of this matter will be deferred until after the first of the year. At that time the Chairman of the LDC will form a subcommittee to study the entire scale/schedule of payments and come forward with recommendations.

4. Chief, Language Training, will prepare a final draft of the new notice incorporating the changes agreed upon during the meeting and will circulate it to LDC members for a final check before processing for publication begins.
